PETRA IV Workshop - Soft Matter, Health, and Life Science

Wednesday, 28 October 2020

Structural Biology with X-rays II.: -- White Zoom Room --, Chairs: Dmitri Svergun, Michael Sprung - Online (13:30 - 15:45)

time	[id] title	presenter
13:30	[48] Kinetics, dynamics and single molecules – advanced sample environments for biological SAXS	RÖSSLE, Manfred
13:50	[49] Recent and future BioSAXS applications in pharmaceutical industry	NAGEL, Norbert
14:10	[50] Chemometric decomposition of SAXS datasets - Novel opportunities for transient flexible complexes	BERNADO, Pau
14:30	Coffee Break	
14:45	[51] Time-resolved SAXS experiments at P12	TIDOW, Henning
15:05	[52] Opportunities to study dynamics of (crowded) biological systems at PETRA IV by XPCS	GUTT, Christian
15:25	[53] Wrap-up Discussion	SVERGUN, Dmitri HAKANPÄÄ, Johanna SCHNEIDER, Thomas
