

PETRA III Extension Project
Chemical Crystallography Beamline P24: User Workshop
Tuesday, March 4th - Wednesday, March 5th 2014

Tuesday, March 4th 2014

13:00	Welcome	E. Weckert
13:15	Status PETRA III Extension	W. Drube
13:45	The Joint Collaboration Project Chemical Crystallography - Overview and Current State -	C. Paulmann
14:15	Possible Concepts for the Beamline Optics at P24	M. Tolkiehn
15:00	Coffee break	
15:30	Possibilities at the Resonant Scattering and Diffraction Beamline P09	J. Stempfer
16:00	Ergebnisse der Pilotstudie hinsichtlich der Anforderungen an einen Synchrotronmeßplatz für den ChemCryst-Betrieb	C. Lehmann
16:45	Break and Discussion	
19:00	Dinner	DESY Bistro

Wednesday, March 5th 2014

09:00	Welcome	
09:15	Phase transitions in Scandium-doped TiOCl	S. van Smaalen
10:00	New strategies for time-resolved crystallographic studies at P24 on the edge of PETRA time resolution	S. Techert
10:45	Coffee break	
11:00	Discussion and Conclusions	
12:00	End of workshop
