

## SATELLITE WORKSHOP AT DESY PHOTON SCIENCE USERS' MEETING 2015

### DESY – EXAFS beamlines P64 and P65

DATE Thursday, 29 January 2015, 14:00 h

VENUE Seminar Room 456, Building 25f

14:00	Welcome	
14:10	Status of beamline P64	<b>W. Caliebe</b> DESY
14:30	Status of beamline P65	<b>E. Welter</b> DESY
14:50	QEXAFS for time and spatially resolved studies in catalysis: Status and perspective for the new P64 beamline at PETRAIII	<b>A. Gänzler</b> KIT
15:10	Development of in situ cells for catalytic reactions at beamline P64	<b>A. Jentys</b> TU München
15:30	<b>Coffee Break</b>	
16:00	Status of the Q-EXAFS monochromator for beamline P64	<b>O. Müller</b> Univ. Wuppertal
16:20	Alternative solutions to challenging X-ray absorption measurements in the soft X-ray regime	<b>Hasan Yavas</b> DESY
16:40	Status of the high resolution emission spectrometer	<b>A. Kalinko</b> Univ.Paderborn
17:00	General discussion about the beamlines and current and future <i>Verbundforschung projects</i>
