

# ATLAS Strip CMOS Regular Meeting

## Tuesday 17 March 2015

### ATLAS Strip CMOS (17:00 - 19:10)

| time  | [id] title                                                        | presenter                                                                                                                 |
|-------|-------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| 17:00 | [0] Intro                                                         | Mr STANITZKI, Marcel<br>Prof. NICKERSON, Richard<br>FADEYEV, Vitaliy                                                      |
| 17:05 | [9] N-well simulations                                            | SEGAL, Julie                                                                                                              |
| 17:25 | [7] CHESS-2: Off-chip firmware and software                       | GRENIER, Philippe<br>HERBST, Ryan                                                                                         |
| 17:35 | [10] CMOS modules                                                 | GRILLO, Alex                                                                                                              |
| 17:45 | [2] Testing HVStripV1                                             | Prof. BUTTAR, Craig<br>Dr JENS, Dopke<br>JOHN, Jaya John<br>KANISAUSKAS, KESTUTIS<br>VIGANI, Luigi<br>Prof. HUFFMAN, Todd |
| 18:05 | [8] Setting up HVStripV1 test                                     | ZHANG, Jinlong<br>WANG, Rui                                                                                               |
| 18:15 | [3] Testing CHESS1                                                | MANDIC, Igor                                                                                                              |
| 18:25 | [4] Testing CHESS1                                                | Dr GRABAS, Herve<br>Dr LIANG, Zhijun<br>LIANG, Zhijun                                                                     |
| 18:35 | [5] Status of test kit and its distribution; CHESS daughter board | Prof. TODD, Huffman<br>JOHN, Jaya John                                                                                    |
| 18:45 | [6] Discussion                                                    |                                                                                                                           |
