

3rd International Summer School on INtelligent Signal Processing for FrontIER Research and Industry

Tuesday 15 September 2015

Introduction to Signal Processing in Astrophysics, Medical Physics and Particle Physics - Auditorium III 2nd Floor (09:30 - 13:00)

time	[id] title	presenter
09:30	[4] Increasing intelligence on Astrophysics Instruments: the Gravitational Waves experiments as an example case (Part I)	Prof. SCHUTZ, Bernard
11:00	Coffee	
11:30	[5] Increasing intelligence on Astrophysics Instruments: the Gravitational Waves experiments as an example case (Part II)	Prof. SCHUTZ, Bernard

Introduction to Signal Processing in Astrophysics, Medical Physics and Particle Physics - Auditorium III 2nd Floor (14:00 - 15:30)

time	[id] title	presenter
14:00	[6] IMAGING TECHNOLOGY FOR TRANSLATIONAL MEDICINE	Prof. XIE, Qingguo
