

3rd International Summer School on INtelligent Signal Processing for FrontIER Research and Industry

Tuesday 22 September 2015

Data transmission challenges and needs for Frontier applications in Astrophysics and Particle Physics - Auditorium III 2nd Floor (09:00 - 13:00)

time	[id] title	presenter
09:00	[19] DATAFLOW: current and future data-transmission applications in the data-acquisition systems at the LHC	VANDELLI, Wainer
10:30	Coffee	
11:00	[21] Data transmission challenges and needs for Frontier applications in Astro-particles: the AMS spatial case	Dr D'URSO, Domenico Prof. AMBROSI, Giovanni
