

LHC-D workshop 2006: QCD and electroweak physics

Tuesday, 17 October 2006

Short presentations of individual groups (theory part) - Sem 4a/b (11:00 - 12:30)

time	[id] title	presenter
11:00	[10] Gauge Boson Production at Hadron Colliders	SCHULZE, Markus
11:20	[11] Two-loop electroweak next-to-leading logarithms	JANTZEN, Bernd
11:40	[12] Electroweak effects in hadronic top quark pair production	SCHARF, Andreas
12:00	[18] Search for glueballs in gluon jets	OCHS, Wolfgang
