

Announcements:

- New group member: Zoltan Nagy
- Brainstorming meeting with Hannes, J.Katzy, Z.Nagy, T. Schoerner-Sadenius:

Perform “MC working weeks”:

- Invite a few postdocs/students/experts to work at DESY on dedicated MC issues during a period of 1-3 weeks. Have seminars, physics & coffee & cookies events,... during this time.
- Concrete proposals:
 - Dipol model (Marchesini, ...) in October 08
 - Minimum Bias and UE December 08
- PDFs and use in generators together with PDF school?

MC school 2009

- on BSM MC generators, fixed orders, SM backgrounds to BSM

contact CMS MC experts

- close collaboration between LHC experimentalist and theorists in this group
