# Errata Corrige!

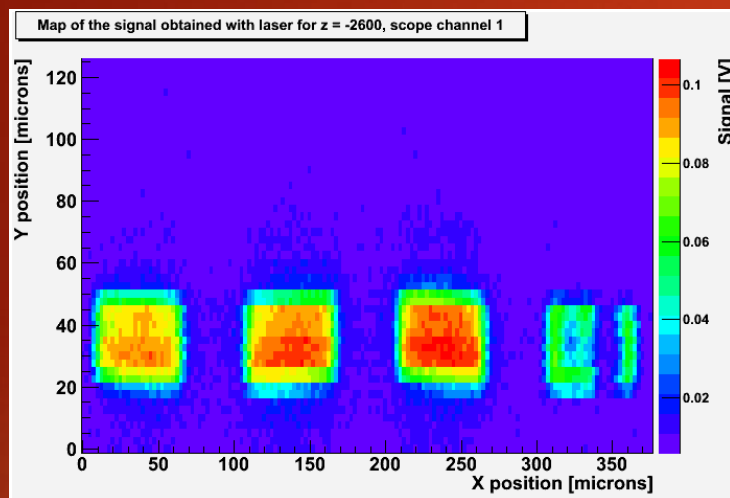

2

- ▶ In all plots from laser system assumed motion stage step to be 1  $\mu\text{m}$ 
  - ▶ **It's actually 1.25  $\mu\text{m}$**  (verified from vendor's website)
- ▶ All plots had to be re-scaled
- ▶ Now pixels have the right dimensions
- ▶ All others features still preserved

4

Off-line rotation to be applied

# Plans

5

- ▶ Preparing to host irradiated devices
  - ▶ Not much data taken recently
- ▶ Change the DAC settings to match Santa Cruz simulations
