

Photon 2009

Tuesday 12 May 2009

Jets and heavy flavours I - DESY auditorium (14:50 - 17:10)

time	[id] title	presenter
14:50	[27] Low & High & Multiple Scales @ HERA	GRINDHAMMER, Guenter
15:20	Coffee, tea and cookies	
15:40	[28] Review of recent Tevatron jet and heavy flavour production results	YU, Shin-Shan
16:10	[65] Angular correlations in jet production and applications to jets in the forward region at the LHC	HAUTMANN, Francesco
16:30	[29] LHC measurement plans and expected performance	MAGNAN, Anne-Marie
16:50	[30] Quasi-Multi-Regge-Kinematics approach, quark-reggeization and applications	SALEEV, Vladimir A.
