

Rethinking Quantum Field Theory

Wednesday, September 28, 2016

Parallel Session: Particle Phenomenology - QCD - Seminar room 4a/b (4:15 PM - 6:00 PM)

-Conveners: Malgorzata Worek

time	[id] title	presenter
4:15 P	[M4] Three-jet production in electron-positron annihilation with the ColorFuLNNLO method	Dr KARDOS, Adam
4:35 P	[M1] Four-jet production in single- and double-parton scattering within high-energy factorisation	VAN HAMEREN, Andreas
4:55 P	[M00] Recommendations for PDF usage in LHC predictions	GARZELLI, Maria Vittoria
5:15 P	[M0] The strong coupling of three flavor QCD	Dr KORZEC, Tomasz
5:35 P	[M7] Progress in constructing epsilon form of differential equations for master integrals with Fuchsia	GITULIAR, Oleksandr
