

Every thing fine, some issues/news

- SONAS full, problem giving space to new users
- should advocate larger xxl directories for code and log files
- CMS data analysis school at DESY/UHH Sep 19 – 23,
pre-exercises on NAF from Aug 1st:
 - school accounts
 - workgroup servers
 - additional SONAS-like space: 1 TB per participant → 80 TB
- starting to use cvmfs mount on office PCs for indexing in eclipse
