

## Workshop on Successful Grant Writing

Grant Writing is a multidisciplinary puzzle. Following questions will be answered in this interactive training course:

**Grant writing:**

Why?

What is it?

**How to find the right funding?**

How to search?

What is your possible next European research funding?

**How to write a successful proposal?**

Writing a proposal is not writing a publication

Writing a proposal is designing a project

Tricks

Information on current European research funding opportunities for young researchers will be given.
