

BSM faces LHC run-2 realities

Thursday 15 September 2016

Session 4 (09:00 - 12:30)

time	[id] title	presenter
09:00	[10] Varying Yukawas from warped space	Dr VON HARLING, Benedict
09:45	[11] Probing electroweak baryogenesis: experimental constraints and non-standard cosmological history	Dr LEWICKI, Marek
10:30	Coffee break	
11:00	[12] Gauge and gravitational anomalies of discrete symmetries	Dr GHOSH, Diptimoy
11:45	[23] Analyzing the CP nature of a new scalar particle via $S \rightarrow Z h$	Dr THAMM, Andrea
