

Multiple Hypotheses

Status Report

Markus Prim | 16.12.2016

INSTITUT OF EXPERIMENTAL NUCLEAR PHYSICS (IEKP)

- Issue: <https://agira.desy.de/browse/BII-1910>

Hypothesis	Successful Fits	Failed Fits
Total	52673	0 %
e	0	100 %
μ	52211	0.88 %
π	52450	0.42 %
K	49324	6.35 %
p	45464	13.69 %

- Issue: <https://agira.desy.de/browse/BII-1911>
- Currently a new Bachelor Student, Joachim Rupp, is working on this.
- Goal is to quantify criteria when we do and don't fit additional hypothesis to reduce consumption of resources.
