

APPEC Technology Forum 2017

Wednesday 3 May 2017

Introduction of the topics - Leibnizsaal @Leibnizhaus (10:00 - 11:45)

time	[id] title	presenter
10:00	[3] Development of amorphous and crystalline optical coatings for 3rd generation gravitational wave detectors at 1550 nm	BIRNEY, Ross
10:35	[4] X-ray multilayer optics for novel X-ray sources	BAJT, Saša
11:10	[5] Laser development for gravitational wave detectors – state of the art and the future	STEINKE, Michael
