

# MTCA ecosystem and real world applications

*Wednesday 6 December 2017 11:30 (15 minutes)*

In this talk, there will be a short look back, an insight view of available products, new product offerings as well as an overview of the existing ecosystem. Based on the scalability of MTCA, the talk will also list examples of real world applications from different application fields, not only physics.

## Summary

The talk will highlight the universal usage of MTCA and acceptance in all kind of industries.
