BREWING

Helles Märzen

Our first and unique beer, the "Helle Märzen". A composition which is brewed in the eisgrub since 18th of May 1989. Kindly meaty and quaffable lenient, this is the way you can describe this beer. Of course unfiltered the "Helle Märzen" makes your roof of the mouth taste an aromatic flavor of beer, which can be experienced nowhere else but the Eisgrub.

Schwarzbier

The elegant equivalent to our types of beer, the black beer. Legendary with a massive taste of malt, authentic and with a passionate soul, full-bodied and flavoured. Let yourself captivate of our "little black".

Dinner on Monday at Eisgrub (Weißliliegasse 1A) at 19:30
