

1st Workshop for the Extreme Conditions Beamline at PETRA III

Tuesday 19 May 2009

Examples for Powder and Single Crystal Diffraction at simultaneous high-pressure and high/low-temperatures (continued)
(13:15 - 14:45)

time	[id] title	presenter
13:15	[17] Single Crystal Studies Elemental Systems	Prof. MCMAHON, Malcolm
14:00	[6] The Dynamic Diamond Anvil Cell (dDAC): A Novel Device for Studying the Dynamic Properties of Materials at High Pressure	Dr EVANS, William
