

1st Workshop for the Extreme Conditions Beamline at PETRA III

Tuesday, 19 May 2009

Dynamic Single Crystal Diffraction at simultaneous high-pressure and -temperatures (10:30 - 12:00)

time	[id] title	presenter
10:30	[2] X-ray diffraction experiments with internally and externally electrically heated DACs	Prof. DUBROVINSKY, Leonid
11:15	[11] Structural, magnetic and electronic transitions in 3d-metal oxides under super high pressures	Prof. LYUBUTIN, Igor S.
