

Probing strong-field QED in electron-photon interactions

21-23 August 2018
DESY, Hamburg

Contribution ID: 33

Type: **not specified**

Nonlinear trident pair production in an arbitrary plane wave: a focus on the properties of the transition amplitude

Wednesday 22 August 2018 15:25 (15 minutes)

Presenter: MACKENROTH, Felix (MPI for Complex Systems)

Session Classification: Physics case
