Seismic isolation for gravitational-wave detection & more - Tuinzaal (17:10 - 18:30)

time	[id] title	presenter
17:10	[0] Development of an active seismic isolation stage for high precision active isolation project	COLLETTE, Christophe
17:30	[1] Seismic noise filtering: The Advanced VIRGO Superattenuator	FRASCONI, Franco
17:50	[13] Ultrasensitive MEMS gravimeters	HAMMOND, Giles
18:10	[15] Dynamic wave tracking for physics and applications	DAW, Edward
