

APPEC Technology Forum 2018

Monday 12 November 2018

Seismic isolation for particle physics - Tuinzaal (15:30 - 16:40)

time	[id] title	presenter
15:30	[4] Production of tiled large area dielectric discs and precise disc positioning for the MAgnetized Disc and Mirror Axion eXperiment	KRIEGER, Christoph
15:50	[12] ALPS II: Seismic environment and control strategy	MILLER, Dominik PÖLD, Jan Hendrik
16:20	[2] CERN/JINR Collaboration – high precision seismic measurements	DI GIROLAMO, Beniamino
