

# Tensor Networks from Simulation to Holography II

## Monday 4 March 2019

### Session 1 (09:30 - 11:00)

time	[id] title	presenter
09:30	[0] Isometric Tensor Network States in Two Dimensions	POLLMANN, Frank
10:00	[1] Phase structure of 1+1 dimensional Thirring model from matrix product states	LIN, David
10:30	[2] PEPS with a local (gauge) symmetry - studying lattice gauge theories in more than one space dimension	ZOHAR, Erez
