

Analysis Centre

Monthly Meeting

Thomas Schörner-Sadenius

DESY, 7 September 2009

SCHOOLS AND WORKSHOPS: STATUS AND PLANNING

- > September 14/15: Single-top workshop
- > October 12-14: Karlsruhe Statistics Workshop
- > October 20-23: PDF School + PDF4LHC workshop

- > MC School 2010? Combination with Freiburg idea? Invite Markus Schumacher for proposal?
- > Statistics tools group?
- > Repeat detector workshop?
- > Further ideas?

THEORETICIAN OF THE WEEK

- > ... and another “Schuss ins Blaue” from the Analysis Centre: Theoretician of the week!
- > Supposed to be at DESY for ~a week (about once a month or less frequently).
- > Present a block course (3*2 hours or alike) on topics of general interest at low level (Ph.D. students in first year).
- > Have open office door, answer to all questions and try to get intouch with experimentalists working in “his/her” field.
- > Promote and advertise thoroughly → has to be pay for the theoretician.
- > Currently developing a programme – suggestions for topics and speakers welcome!

ANALYSIS CENTRE SEMINAR

- > Motivation: Replace (non-happening) PDF and Statistics Tools groups meetings (originally suggest by Olaf).
- > Scope and format: Monthly seminars with short introduction / organisational issues. Potentially more technical discussions (short!) towards the end.
- > Audience: ALL (!) Ph.D. students and postdocs (and staff!) at DESY.
- > Make it a social event: Coffee etc. before and extended “Wein and Bretzels” afterwards.
- > Organise provocative questions before in order to trigger interesting discussions
- > Topics: All analysis-related issues of general relevance and interest.
- > To be organised in turns by the different groups, TSS, Weiglein’s phenomenology group etc.
- > First occasion: October 22: Joey Huston (precise title to be defined)
- > Hoping for your ideas and input.

ANNUAL MEETING (11-13 November 2009)

> “Analysis” session on Thursday afternoon

	Wednesday 11 November 2009	Thursday 12 November 2009	Friday 13 November 2009
AM		09:00   LHC-D working group meetings (including ILC activities) (until 12:30) 12:30 --- Lunch break ---	09:00   Workshop Plenary (until 12:30) 12:30 --- Lunch break --- 12:30   International Advisory Board meeting / lunch (until 15:00)
PM	13:30   Opening session (until 15:00) (Lecture Hall) 13:30   Welcome message and organisational issues 13:40   Some interesting talk of general relevance! 14:25   News from the LHC 15:00 --- Coffee break --- 15:30   LHC-D working group meetings (including ILC activities) (until 18:00) 19:00   Welcome reception (until 22:00)	14:00   Analysis Project (until 17:30) 14:00   Grid Project (until 17:30) 14:00   Accelerator Project (until 17:30) 14:00   Detector Project (until 17:30) 17:30   Institute Assembly (until 19:30) 17:30   NAF User Meeting (until 19:30) 19:30   Workshop Dinner (until 23:30)	14:00   Other Working group meetings (until 18:00) 14:00   Computing and LHC analysis (until 17:00) 14:00   Mtautau Working Group (until 18:00) 15:00   Management Board meeting (until 18:00)

> Contributions from the Analysis Centre?

- Suggestion: three small presentations from three groups + one small overview.
- Probably summary talk in plenary on Friday (TSS).

MIDTERM EVALUATION AND PRC REPORT

- > November 5/6: PRC Meeting with presentation of Analysis Centre both in open and closed session (+ written report together with NAF+ Tier2).
 - Opportunity to get additional support from DESY via PRC chairs' influence (Kim / FNAL, Quast / Karlsruhe)
 - Currently preparing draft version of document; will pass it around in due time (also the slides – but that will take some more time).
- > November 30-December 1: Midterm evaluation for Helmholtz Alliance.
 - Immensely important for Alliance and all its activities (especially the “Perspektivbericht”).
 - Analysis Project Board to design section on analysis and related issues; will require input from us at some point – hoping for your assistance (Albert / Zoltan / Gero).
 - Timescales extremely short – need to have all documents ready in more or less 4 weeks (including all relevant figures etc.).
 - Big event – comparable to POF evaluation.

AOB, NEXT MEETINGS

- > Funding requests in response to call (deadline 31 July)
- > Project lists (→ in response to more and more fellows passing by)
- > New people connected or interested: Mira Kraemer (MC), Igor Rubinskyi (Statistics, TMVA), Christoph Rosemann (Statistics, TMVA), Tiago Perez (MC)
- > Room situation during and after renovation of building 1 (short report TSS)
- > Next coffee morning: September 21, 9:30
- > Next proper meeting: October 5, 9:30, details to be announced (TSS in Kiev → to be chaired by Zoltan / Albert)
