Works Council: -

Minutes: R. Röhlsberger

Agenda:

The WA has been mandated by the DESY directorate to evaluate the profile of a candidate within a dual career appointment procedure whether he would fulfil the criteria for a leading scientist position at DESY. For that purpose, the WA formed a commission with WA members David Berge (AP), Heinz Graafsma (FS), Ingrid-Maria Gregor (FH), Matthias Kasemann (FH), Lutz Lilje (M), Ralf Röhlsberger (FS, chair), and Georg Weiglein (FH).

The commission organized an extraordinary meeting of the WA, and invited the candidate to give a 30 min scientific presentation about his achievements and future research plans at DESY. The presentation was followed by a 30-min discussion with the candidate.

After the presentation and discussion, the commission continued the discussion with the candidate within a closed session.

TOP 1. Scientific Presentation (14:00 – 14:30)

TOP 2. Discussion (14:30 – 15:00)

TOP 3. Closed Session (15:00 – 16:00)
