

# Neutrino masses and Lepton flavor violation at the LHC

## Tuesday 24 November 2009

### Session 4 - Mensa Mehrzweckraum (16:35 - 18:05)

| time  | [id] title   | presenter        |
|-------|--|------------------|
| 16:35 | [3] Lepton Flavour Violation in the Neutrinoless Tau Decay $\tau \rightarrow 3\mu$ with the CMS Experiment | GIFFELS, Manuel  |
| 17:05 | [22] Search for the LFV Decay $\tau \rightarrow 3\mu$ with the ATLAS Detector                              | VON LOEBEN, Jörg |
| 17:35 | [25] Neutrino masses and mixing using non-abelian discrete symmetries                                      | MELONI, Davide   |
