

3rd workshop on Applications of Dielectric Laser Accelerators

Report of Contributions

Contribution ID: 0

Type: **not specified**

Introduction to ACHIP (Joel England)

Tuesday 10 March 2020 13:30 (15 minutes)

Presenter: Dr ENGLAND, Joel (SLAC)

Session Classification: Introduction

Contribution ID: 1

Type: **not specified**

Overview of DLA Applications (Dylan Black)

Presenter: BLACK, Dylan (Stanford University)

Contribution ID: 2

Type: **not specified**

Electron Waveguiding and Smith Purcell Radiation Generation (Billy Putnam)

Tuesday 10 March 2020 16:15 (30 minutes)

Session Classification: Topic 3 - Radiation Generation

Contribution ID: 3

Type: **not specified**

Smith Purcell FEL as Tabletop Intense THz Source (H. Hama)

Contribution ID: 4

Type: **not specified**

EUV Source Requirements for Industry (T. Hirano)

Contribution ID: 5

Type: **not specified**

Compact Sources for Biomedical Dosimetry (F. Tessier)

Tuesday 10 March 2020 15:00 (30 minutes)

Presenter: Dr TESSIER, Frederic (NRC Canada)

Session Classification: Topic 2 - Biomedical Applications

Contribution ID: 6

Type: **not specified**

Overview of Workshop Charge

Contribution ID: 7

Type: **not specified**

Overview of ACHIP Science Applications

Tuesday 10 March 2020 14:15 (30 minutes)

Presenter: BLACK, Dylan (Stanford University)

Session Classification: Topic 1 - Ultrafast Electron Diffraction and Attosecond Science
