

# Perspectives and new opportunities for X-ray absorption spectroscopy at PETRA IV

## Monday 29 June 2020

**Science Field I: Applications of various hard x-ray spectroscopy methods in high pressure research and environmental sciences - online workshop (13:30 - 15:00)**

-Conveners: Christian Sternemann; Max Wilke

time	[id] title	presenter
13:30	[2] Microspectroscopy in Earth and Environmental Sciences	WILKE, Max
14:10	[3] High pressure and high temperature: Spectroscopy of glasses and melts at Petra IV	Dr STERNEMANN, Christian
