# TMDlib 2.0

---

- TMDlib
  - Pavia TMD grids uploaded to server, code for reading still missing
  - Can we change directory structure of TMD grids ?
    - change it such, that TMDset name already appears in directory name
      - make it easier for new data sets
      - easier to search
    - BUT:
      - no longer backward compatible

# Next meeting

---

- I am away until end September
  - who wants to organize PB TMD discussions in Sept ?
  - next meeting:
    - 1. Oct 2020 ?
