

Welcome to the SiPM Workshop @ DESY

Si PMs are widely used in particle physics:

- HCAL for next LC (vast & longterm experience)
- Upgrade projects in CMS for the HCAL & MTT
(projects to be pursued independent of the luminosity schedule, soon)

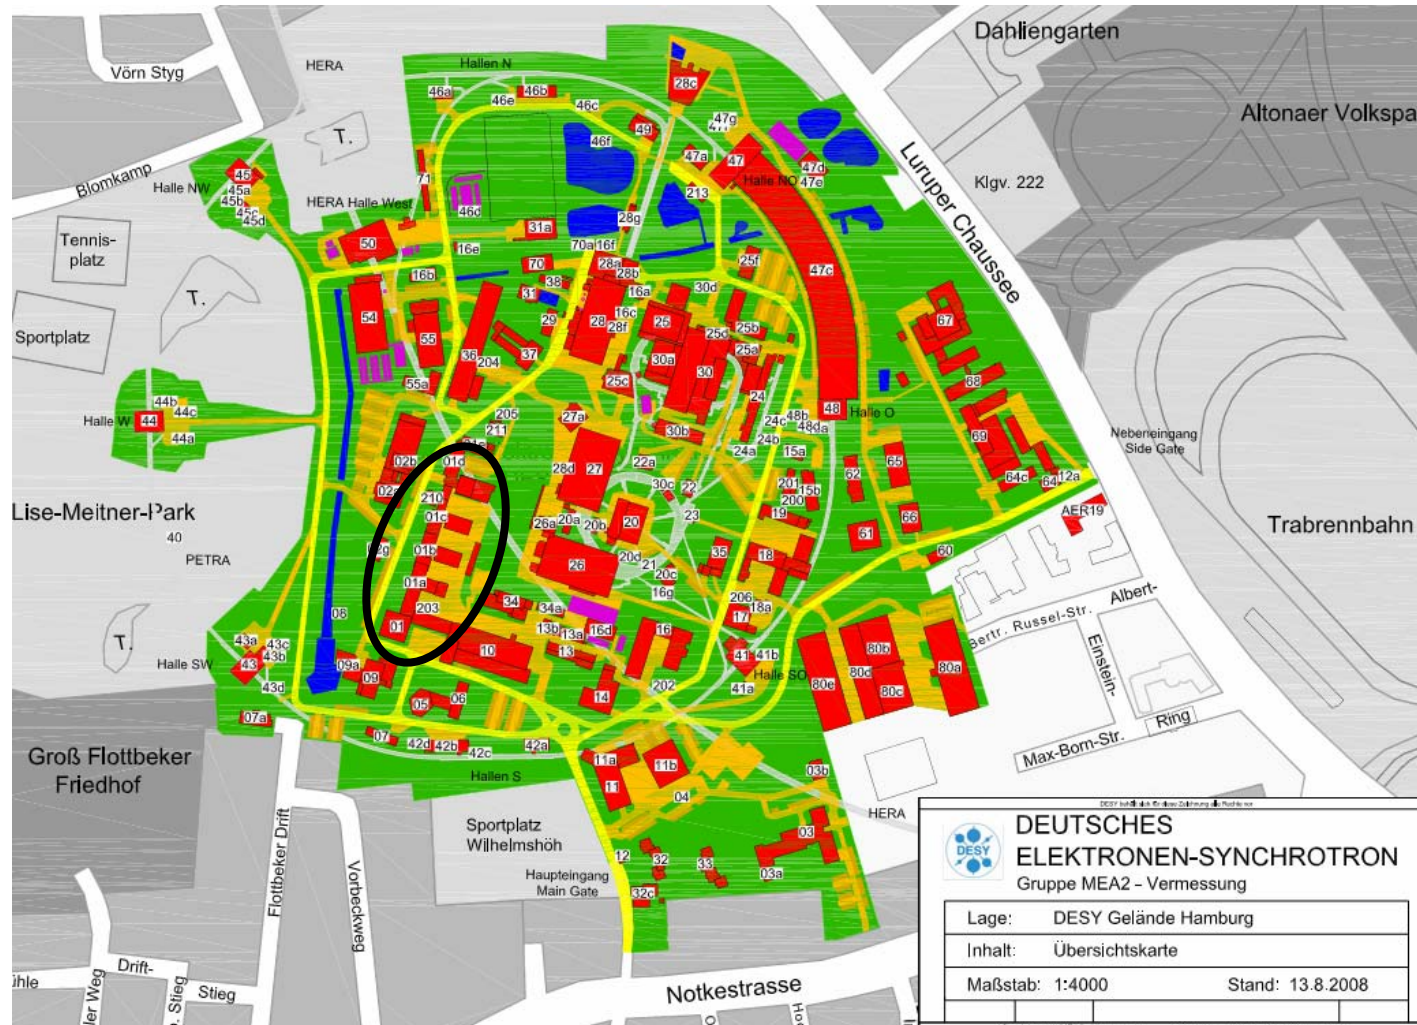

Goal of the workshop:

- offer a platform for experience exchange between the different communities
- communicate results of studies pursued in the different areas
- explore possibilities for cooperation for CMS upgrade projects
(near future & operation experience in large scale)
