

Pre-Close out: 9th MicroTCA Workshop for Industry & Research (2020)

Holger Schlarb, Group leader MSK/DESY
DESY, 03.12.2020

9th MicroTCA Workshop for Industry & Research

Statistics

	2020	2019	2018	2017	2016	2015	2014	2013	2012
Participants	197	199	190	183	159	177	188	191	180
Institutes	41	30	22	25	25	31	30	30	25
Companies	22	29	31	25	28	36	39	39	29
Exhibitors	9	12	14	13	14	14	16	16	12
Talks	44	43	43	38	38	45	44	53	42

First of all: **to speakers!**

- **Excellent & very informative talks**
- **Thanks for staying in time**

Close out 9th MicroTCA Workshop (Virtual)

- **Virtual Workshop format**

- worked out surprisingly well (44 talks!)
- **Q&A session** was very important and triggered discussion
- Exhibition & **Industry** reasonable well integrated (unlike to other VC)

- **Take away (personal view)**

- Within 12 month **many new developments** have take place & being presented
- Significantly **more “expert”** are now around the world e.g. starting new /own developments
- **New communities / newcomers** have joining and WS provides here an **important hub!**
- Still missing out: **personal connection** (many little meeting, familiar atmosphere, social events)

- **Hot topics:**

- SoC's (pre-workshop)/ Firmware Sharing (invite for meeting)/ External systems (recommend.) / IMPI for FMC (PICMG/come up with a proposal)
- Machine Learning / Quantum Comp.

Thank you to Industry Exhibitors

Thanks to

Advisory committee:

Kay Rehlich (Chair)	DESY
Holger Schlarb (Chair)	DESY
Henrik Carling	ESS
Paul Chu	Nanjing University, China
Tobias Hoffmann	GSI
Thomas Holzapfel	powerBridge
Christian Ganninger	nVent - Schroff GmbH
Heiko Koerte	N.A.T.
Rong Liu	Beijing DAQ Technology Co. Ltd
Dariusz Makowski	Lodz University of Technology
Charles Roberts	ORNL
Ian Shearer	Vadatech
Fumihiko Tamura	J-PARC Center, Japan
Axel Winter	MPI Plasmaphysik
Zeran Zhou	NSRL, USTC, China

Valuable input for shaping the workshop!!!

Local organization:

Hanna Kunze	DESY
Gohar Ayvazyan	DESY
Stanislav Chystiakov	DESY
