invited talk: Christine Haunhorst & Viola Middendorf

Monday 1 February 2021 15:30 (45 minutes)

Career options in Academia, Industry and Science Management

Dr. Christine Haunhorst and Viola Middendorf from Forschungszentrum Jülich will give an overview of the upsides, downsides as well as the requirements of different career paths. In an interactive talk, they will answer your questions, speak about German and European funding opportunities and will point out the specific opportunities within the Helmholtz Association to develop your professional career.
