

First REF2021 LOCM: timeline and plan

Armando Bermudez Martinez
21.12.2020

Local Organizing Committee

- Markus Diehl
- Sara Taheri Monfared
- Qun Wang
- Ami Rostomyan
- Sasha Glazov (to be confirmed)
- Hannes Jung
- Armando Bermudez Martinez

Format and dates

Online?

Possible dates:

Week 8-12, or 15-19 November

Topics

- Allow also new topics:

Amplitudes, lattice calculations, ML, QC, ...

All extra topics should be related to TMD phenomenology and the workshop's acronym

Special emphasis on:

MC generators, TMDlib, general tools

For the second meeting

- Advisory board informed on date and format decision
- We should have contacted the usual REF groups for an invitation
- We should have a clearer idea of specific groups to cover other topics (Lund people for PS, Kerstin for QC, ...):

QC:
