

Updates: Muon Analysis

- Current analysis (EXO-20-015):
 - Object review: Christina answered question regarding MET, Jet, Muon and Electron -> All contacts gave green light afterwards
 - No work from my side; Person power not needed at the moment
- Low Mass analysis/studies:
 - Booted up analyser and plot scripts last week, looked at old results
 - Not quite sure how to proceed forward -> Asking today in the Caltech meeting
