Upcoming conferences

- 'Our' ICRC 2021, 12-23 July 2021, <https://indico.desy.de/event/27991/overview> and <https://icrc2021.desy.de>
 - Want to help? Email Julia Eckert, julia.eckert@desy.de
- Fermi Symposium, 11-16 April 2021, <https://fermi.gsfc.nasa.gov/science/mtgs/symposia/2020/>
- AAS 238, 7-9 June 2021: <https://aas.org/meetings/aas238>
- European Astronomical Society meeting, EAS 2021, 28 June – 2 July 2021: <https://eas.unige.ch/EAS2021/>

Other news

- Corona: no change in status quo, see https://www.desy.de/coronavirus/index_eng.html or ask me at any time
- Multi-Messenger Graduate School:
 - <https://www.multimessenger-school.de>
 - Another hiring round finishing, new gamma-related PhD students will start in the next few months (DESY, HU Berlin, U Potsdam)
 - New associations with other German universities (U Bochum / Anna Franckowiak, ECAP Erlangen / Stefan Funk and Uli Katz)
 - Discussions in Zeuthen ongoing to extend the MM school coordination office (read: the support the PhD students get in the school) to all other Zeuthen PhD students
- Projects:
 - H.E.S.S. and ULTRASAT today
 - CTA still in the final convergence process towards the international funding commitment (with the next 1-2 months I hope)
