

Loops and Legs in Quantum Field Theory

Friday 29 April 2022

Parallel 7 (09:00 - 10:30)

-Conveners: Roberto Bonciani

time	[id] title	presenter
09:00	[89] Towards the automation of the Local Analytic Sector Subtraction	UCCIRATI, Sandro
09:30	[78] Threshold resummation of new partonic channels at next-to-leading power	VERNAZZA, Leonardo
10:00	[74] Recent progress in intersection theory for Feynman integrals decomposition.	CHESTNOV, Seva

Parallel 7 (11:00 - 13:00)

-Conveners: Roberto Bonciani

time	[id] title	presenter
11:00	[27] Effective transverse momentum in multijet production at hadron colliders	SAVOINI, Chiara
11:30	[70] Antenna subtraction at NNLO with identified hadrons	STAGNITTO, Giovanni
12:00	[31] Automating antenna subtraction in color space	MARCOLI, Matteo
