

# Physics at the Terascale

# The program this year

2020: no annual meeting due to the Corona crisis

2021: had hoped to organize the annual meeting in hybrid format rising infection numbers forced us to move to a fully online format

Shorter plenary program: Tuesday 2h, Wednesday 2.5 h  
More focused parallel program

# Program today

Prof. Alfons Weber, Mainz: Dune, the next generation of neutrino experiments

Dr. Emi Kou: News from the flavor sector of the standard model
