

The PUNCH4NFDI\*

Consortium

A Consortium in the NFDI

# Infrastructure & Resource Board

Andreas Petzold (KIT) for the IRB

# Infrastructure and Resource Board (IRB)

- From the proposal:
  - The **Infrastructure and Resource Board (IRB)** aims at aligning the work of the PUNCH4NFDI consortium with the planning, needs and possibilities of the large infrastructure and data providers in the PUNCH fields.
- **Members**
  - Maite Barroso (CERN, WLCG)
  - Matthias Füssling (CTA SDMC)
  - Stefan Hachinger (LRZ)
  - Yves Kemp (DESY)
  - Hans-Rainer Klöckner (MPIfR)
  - Thorsten Kollegger (GSI Green IT Cube)
  - Andreas Petzold (KIT / GridKa)
  - Sabine Richling (URZ Heidelberg)
  - Robert Speck (Jülich Supercomputing Centre, LOFAR)
  - Michael Sterzik (ESO)

# Defining IRB Role – Next Steps

- 1<sup>st</sup> meeting this week
  - More will follow with all members
- IRB covers broad spectrum of data and resource providers
- Understanding the different points of view important to define a common understanding of the IRB role
- Interfaces to other PUNCH boards and users still to be defined
- What can we bring to the table?
  - Support integration with resource & data providers
  - Overview about national and international developments w.r.t. providers
- What expectations do YOU have?
