

Cosmic Radiation Fields - Sources in the early Universe

Thursday 11 November 2010

Session 6 - Auditorium (Building 05) (11:30 - 12:30)

time	[id] title	presenter
11:30	[25] The Redshift Evolution of LCDM Halo Parameters	Mr MUNOZ CUARTAS, Juan Carlos
11:50	[14] Thermal decoupling of WIMPS: The link between particle physics properties and the small-scale structure of (dark) matter	Dr BRINGMANN, Torsten
12:10	[28] Constraints on dark matter powered stars from the extragalactic background light	Mr MAURER, Andreas
