

# Cosmic Radiation Fields - Sources in the early Universe

## Wednesday 10 November 2010

### Session 2 - Auditorium (Building 05) (11:30 - 12:30)

time	[id] title	presenter
11:30	[19] How the first generations of luminous baryons established the X-ray and UV backgrounds	Dr MESINGER, Andrei
11:50	[27] Observational Signatures of Lyman Alpha Emission from Early Galaxy Formation.	Dr DIJKSTRA, Mark
12:10	[31] Dark Matter effects on high-redshift universe	Dr EVOLI, Carmelo
