

on e⁺e⁻ Higgs/EW/Top Factories, October 5-7, 2022, in Hamburg

First ECFA WORKSHOP.

Wednesday 5 October 2022 - Friday 7 October 2022

DESY Hamburg

Scientific Programme

WG1-PREC - Physics Potential: Precision

WG1-GLOB - Physics Potential: Global interpretations

WG1-HTE - Physics Potential: Higgs, top, and electroweak

WG1-SRCH - Physics Potential: Feebly interacting particles, direct low mass searches

WG1-FLAV - Physics Potential: Heavy flavours

WG2 - Physics Analysis Methods

WG3 - Detector R&D

WG1-HTE+SRCH - Physics Potential: Higgs, top and EW joint with FIP and direct searches

WG1-HTE+GLOB - Physics Potential: Higgs, top and EW joint with Global Interpretations
