The EPS Outreach prize

Monday 21 August 2023 15:40 (10 minutes)

The 2023 Outreach Prize of the High Energy and Particle Physics Division of the EPS is awarded to Jácome (Jay) Armas for his outstanding combination of activities on science communication, most notably for the ‘Science & Cocktails’ event series, revolving around science lectures which incorporate elements of the nightlife such as music/art performances and cocktail craftsmanship and reaching out to hundreds of thousands in five different cities world-wide.

Collaboration / Activity

Presenter: ARMAS, Jacome
