Central exclusive production in CMS+TOTEM

Monday 21 August 2023 09:20 (15 minutes)

Exclusive and diffractive physics measurements are important for better understanding of the non-perturbative regime of QCD. Recent results from the CMS and TOTEM experiments using pp collisions at a center-of-mass energy of 13 TeV are presented in this talk.

Collaboration / Activity

CMS

Primary author: CMS

Co-author: TOTEM

Presenter: SIKLÉR, Ferenc (Wigner RCP, Budapest)

Session Classification: T06 QCD and Hadronic Physics

Track Classification: QCD and Hadronic Physics
