

Joint Instrumentation Seminar

- Joint: co-organised (and co-hosted) by Uni HH, DESY-FH and DESY-FS
- ~45-60 minutes talks, on detector topics of general interest to FS and FH communities
 - Understandable for students -> good introduction of the subject (15 minutes)
- Original time slot: Friday afternoon, every 2 weeks
 - Regular collisions with FS seminars
- Coffee & cake before
- Discussion in smaller round with speaker considered essential, so stopped during Corona
