

Physics in Intense Fields (PIF22)

Friday 2 September 2022

Standard Model (08:30 - 10:25)

-Conveners: Hidetoshi Taya

time	[id] title	presenter
08:30	[50] QCD in a strong magnetic background	Prof. ANDERSEN, Jens O.
09:00	[51] Strongly interacting matter in intense electromagnetic fields	Prof. ENDRÖDI, Gergely
09:25	Break	
09:35	[52] Pair production of phonons in Bose-Einstein condensates with curved and expanding acoustic metric	Prof. FLOERCHINGER, Stefan
10:00	[24] The role of the chiral anomaly in polarized DIS	TARASOV, Andrey
