

# Early Career Researchers Meeting Report

"What can ECR do to promote and support networking in the ECR community of detector developers"?  
→ ECR discussion 2.9.22

Attendance > 10 people

## **Communication:**

Start with a mailing list, see if we want to move to another platform for easier "chatting" from there  
→ "high-d-ecr" mailing list requested from DESY IT (not active yet)

## **Network events:** In person meetings!

Possible format:

Circulate between participating institutions

Tours of the lab

Presentations: not on work, but on support topics: mental health, career development, ...

Informal social dinner

To be clarified:

Funding for travel? Funding for invited speakers/trainers? How often? (depends on 1 and 2)
