

## Open Source FPGA Framework at MSK-DESY

*Thursday 8 December 2022 10:00 (15 minutes)*

For the past two years, the FPGA team at the MSK group of DESY has been working on modernizing and preparing many existing tools and IPs for open-source access. This talk focuses on giving the latest status on the project while giving concrete use case examples.

**Presenter:** GUERMES, Cagil (DESY)

**Session Classification:** Session 7

**Track Classification:** Software and firmware
