

# LHC-D workshop 2007: QCD and electroweak physics

## Friday 6 July 2007

### NLO calculations - Main auditorium (10:45 - 12:00)

time	[id] title	presenter
10:45	[16] Radiative corrections to the charged-current Drell-Yan process: higher-order photonic and supersymmetric effects	Prof. KRAEMER, Michael
11:10	[7] NLO QCD corrections to $pp \rightarrow t \bar{t} + \text{jet}$	Dr WEINZIERL, Stefan
11:35	[2] Automated evaluation of one-loop amplitudes for the LHC	Dr BINOTH, Thomas
