

12th International Conference on Elastic and Diffractive Scattering - Forward Physics and QCD

Tuesday 22 May 2007

pp and ppbar collisions - Main Auditorium (14:00 - 16:05)

time	[id] title	presenter
14:00	[2] Prospects for diffraction at the LHC	DE ROECK, A
14:25	[21] Multiple interactions	G GUSTAFSON
14:55	[22] Multiple interactions and AGK rules in pQCD	SALVADORE, M
15:20	[23] Prospects at the LHC for multiple interactions and forward physics	L FANO'
15:45	[24] Elastic scattering, total cross section and luminosity measurements at ATLAS	C SBARRA
